WORK EXPERIENCE

VISA INC.

Senior Product Manager | Oct 2022 – Present

- Lead product strategy and operations for a global payments program, coordinating 20+ cross-functional teams and building stakeholder relationships that accelerate decisions, approvals, and execution.
- Scaled a global payments program 157% and tripled its client base over approximately three years by improving operational systems, strengthening cross-functional execution, and creating scalable processes for program growth.
- Cut client onboarding 80%+ from ~3 months to ~2 weeks by redesigning requirements, workflows, ownership, and program documentation.
- Manage 40+ enterprise client escalations quarterly, identifying root causes and driving cross-functional fixes that reduced resolution time 35%.
- Identified opportunities to apply AI and automation to manual workflows, using tools including Replit, ChatGPT, and AI development platforms to rapidly prototype practical solutions to operational problems.
- Built an AI-powered knowledge agent that centralized complex program information and eliminated an estimated 150+ hours of manual work annually.
- Translate enterprise client needs into actionable product and operational solutions across Product, Technology, Sales, Operations, Legal, Risk, and Compliance. Lead OPEX, headcount forecasting, and resource planning aligned with growth.
- Earned 2 promotions in ~3 years, including an accelerated promotion outside the standard timeline.

EVERYTHING ATHLETES

Founder / Product Manager | Nov 2022 – 2024

- Founded an athlete mental-health platform, owning product strategy, research, operations, partnerships, and launch from concept to market.
- Developed the platform 0→1, overseeing roadmap, user research, budgeting, contractors, QA, content, and launch.
- Turned market and user research into products and resources, including a research-driven book that sold 1,000+ copies.
- Cultivated partnerships with sports psychologists, media, PR, and universities, expanding reach through earned media and speaking engagements.

SENIOR PRODUCT MANAGER | PRODUCT OPERATIONS & STRATEGY

WORK EXPERIENCE CONTINUED

BELLWOOD LABS

Product Analyst / Product Owner | Mar 2022 – Oct 2022

- Directed discovery and Agile delivery for web and mobile products, translating customer and business needs into development priorities.
- Drove 0→1 product development from customer discovery and requirements through cross-functional delivery.
- Authored and prioritized 500+ user stories, balancing customer value, business goals, design, and technical feasibility.
- Uncovered user pain points through customer and market research, shaping product priorities and buyer personas.
- Orchestrated sprint planning and backlog prioritization, aligning customers, design, and engineering throughout delivery.

GREEN FEATHER SOFTWARE / FEATHERPAY

Product Marketing Manager | Mar 2020 – Nov 2020

- Spearheaded customer research, positioning, and GTM initiatives for an early-stage healthcare payments solution.
- Leveraged customer and market insights to shape product positioning, GTM strategy, and roadmap recommendations. Generated 200+ prospective client opportunities through ABM and Pardot automation; boosted email engagement 30% through A/B testing.
- Created sales enablement and customer-facing content that supported acquisition of the company's first clients.

DONNELLEY FINANCIAL SOLUTIONS

Sales Director | Jul 2017 – Feb 2020

- Led enterprise sales and C-suite relationships across financial services, professional services, and Fortune 500 accounts.
- Surpassed annual quota at 150%, earning Top North America Sales Representative recognition and an accelerated promotion.
- Expanded C-suite relationships across banks, private equity firms, law firms, and Fortune 500 companies.
- Shaped product enhancements and roadmap priorities by translating enterprise client needs into product insights.

RENTPATH

Sales Development Representative | Promoted to Market Response Representative | Feb 2016 – Jul 2017

- Executed high-volume inbound/outbound sales, customer engagement, and CRM pipeline activity.
- Hit quota 11 of 12 months through high-volume inbound/outbound sales and disciplined CRM and pipeline management.
- Named Rookie of the Quarter within 3 months and promoted within approximately one year based on performance.
